## WE'D LIKE TO LET YOU IN ON A SPECIAL SECRET

This flyer has been shared with you by someone who knows that you have something uniquely wonderful about you. You have the curiosity, the passion and the motivation to make the world a better place for everyone.

They also know that two years at a UWC school will transform your life, empowering you to turn your passions into progress.

## WE EDUCATE TOMORROW'S CHANGEMAKERS

UWC is a global network of 17 boarding schools across four continents that educates tomorrow's changemakers.

All UWC schools offer a two-year pre-university boarding school experience like no other. You'll study towards one of the world's finest high school diplomas while also learning how to have a positive impact on the lives of others.

## IMAGINE HOW DIFFERENT A SCHOOL CAN BE

Our schools are deliberately diverse. You'll join students from around the world, living and studying with people of different cultures, beliefs and backgrounds, irrespective of your socioeconomic means.

We believe that through uniting difference we can empower you to develop the skills to create a more peaceful, understanding and sustainable world. In doing so, your closest friends for life will be people whom you never dreamed of meeting.

## THE IB DIPLOMA AND SO MUCH MORE

Our two-year experience sees 16-19 year olds study towards the IB Diploma. This challenging programme will take you further academically than you might currently imagine is possible. And we go even further... pushing the boundaries of your creativity, learning new languages, and embedding the spirit of service to others and to the community as a core part of your experience.

"What has surprised me the most about my experience is how much there is that I don't know about the world. UWC teaches me something new every day; whether it's physics or economics, or about cultural differences or languages. My experience has made me focus on my values in life, understanding other people, and how we can work better together"
